The ultimate Gann trading tool

**HotTrader** is the complete swing trading package assisting you to evaluate opportunities in the market.

Based on the principles developed by W.D Gann, HotTrader is the worlds most advanced way to apply swing charts and numerous Technical Indicators.

Making Gann Trading Principles effective and simple, HotTrader is the swing trading software that assists you with:

### Whatever period or point swing you like

No more attempting to draw these charts manually. At the click of a mouse you can see 1,2,3 and up to 15 period swing charts. You can see any kind of swing chart on a daily, weekly, monthly, quarterly or yearly time frame. Any number of point swings are also available - 9 pt swings, 24 pt swings, 144 pt swings, it's up to you.

### Inbuilt Scans

The Swing Trend Scan and the Oscillator Scan will display a Hot List of all stocks, futures and commodities that meet your swing criteria. You can scan the whole market for stocks that are trending in any combination of daily, weekly, monthly, quarterly or yearly timeframes.

## Effective and simple Gann trading principles

### Gann & Fibonacci Indicators

With HotTrader you compare ranges and calculate retracement levels easily, 50%, 61.8%, 100%, 150% and more. With more than 17 indicators, HotTrader has high quality technical analysis tools for all types of market analysts.

### Creating Watch Lists

You can set up your own watch lists that enable you to:

- Have an unlimited number of favourite watch lists that can be individually named
- Place an unlimited number of your favourite stocks and or commodities into your list
- Place the same file into multiple watch lists
- Display your watch lists from a special dialogue box

**Paritech can provide you with a complete solution including history, daily data and support to get the most out of HotTrader.**
